YB DATO' SRI MUSTAPA MOHAMED WILL SPEAK ON THE MALAYSIAN ECONOMY AT THE VIRTUAL PERDANA LEADERSHIP FOUNDATION CEO FORUM 2021

Monday 18/10/2021

YB Dato' Sri Mustapa Mohamed, Minister in the Prime Minister's Department (Economy), will be delivering a keynote address on "Shifting the Malaysian Economy Into Higher Gear: Assessment, Strategy, and Action" at the online Perdana Leadership Foundation CEO Forum 2021 taking place on 20th and 21st October.

He will be one of the four keynote speakers at the event. **Datuk Dr Hishamshah Mohd Ibrahim**, Deputy Director-General of the Ministry of Health will speak on "Lessons Learned from Malaysia's Battle Against Covid-19", **Tan Sri Dr Jemilah Mahmood**, Executive Director of Sunway's Centre for Planetary Health, will speak on "The Environmental Imperative and What It Means for Business" and former Prime Minister, **Tun Dr Mahathir Mohamad** will deliver the Closing Keynote Address "Malaysia: Top Priorities for An Improved Future".

The event will also host more than 30 speakers over 11 Plenary, Keynote, and Concurrent Sessions on "Business in the New Normal", covering industry-specific and nationwide issues related to the post-pandemic challenges faced by business and government.

Sponsored by **CIMB (Platinum), Bina Puri, DRB-HICOM, Iris Corp, KLK,** and **Westports (Gold)**, and **Ambank, EY, Invisight, and Maybank (Silver)**, the event is the eighth CEO Forum organised by Perdana Leadership Foundation, and its first online edition.

The media is respectfully invited to cover the event. Registration for the media is via this link:
www.eventbrite.com/e/172437434007/?discount=MEDIA-CEO2021

(Please note that the unique event access link will be e-mailed from our event platform Airmeet.com following registration. Please click on the link to complete registration).

Members of the media are invited to cover the whole Forum. Interviews with specific speakers can be arranged with sufficient notice through our representatives. Information on the event's programme and speakers is attached.

Event details:

Day/Date: Wednesday & Thursday 20 & 21 October 2021

KERAJAAN AKAN PERKUKUH USAHA BANTU PMKS DI BAWAH RMKE-12 - MUSTAPA

Bernama News | Berita Dalam Negeri | 20/10/2021 | Author: ZARUL EFFENDI RAZALI | Others

KUALA LUMPUR, 20 Okt (Bernama) -- Kerajaan akan memperkukuh usaha bagi membantu perusahaan mikro, kecil dan sederhana (PMKS) terutamanya pemilik perniagaan kecil dengan melaksanakan program meningkatkan pendapatan dan membina kapasiti di kawasan bandar dan luar bandar.

Menteri di Jabatan Perdana Menteri (Ekonomi) Datuk Seri Mustapa Mohamed berkata di bawah Rancangan Malaysia Ke-12 (RMKe-12) kerajaan akan membantu kumpulan sasaran dengan menggalakkan keusahawanan dan menyediakan akses kepada kemudahan pembiayaan.

“Dalam konteks membina semula dengan lebih baik, RMKe-12 disasarkan untuk memastikan kita boleh mencapai status pendapatan tinggi menjelang 2025. Pada masa yang sama, kita perlu lebih mampan untuk memastikan kita boleh menjadi negara neutral karbon seawal 2050.

“Rancangan itu juga akan menyediakan pembangunan lebih seimbang di seluruh wilayah dan negeri bagi memastikan hasil pembangunan dikongsi bersama oleh semua rakyat kita,” katanya dalam ucap tama beliau yang dirakam terlebih dahulu pada Forum CEO Yayasan Kepimpinan Perdana 2021 yang diadakan secara maya, hari ini.

Serentak dengan itu, katanya, kerajaan akan mengukuhkan lagi akses kepada pendidikan, penjagaan kesihatan dan perumahan dan menambah baik kualiti hidup golongan miskin bandar, terutamanya yang tinggal di Program Perumahan Rakyat (PPR).

“Keutamaan kerajaan dalam tempoh lima tahun akan datang termasuk meningkatkan pendapatan, membasmi kemiskinan tegar dan mengurangkan jurang pembangunan antara negeri dan wilayah serta memastikan pertumbuhan berkualiti yang mampan.

“Seperti rancangan lima tahun yang dilaksanakan sebelum ini, RMKe-12 menyediakan trajektori menyeluruh agenda pembangunan kerajaan. Ia menyediakan panduan kepada agensi kerajaan, sektor swasta, pelabur dan orang awam mengenai keseluruhan hala tuju dasar kerajaan,” katanya.

Forum dua hari itu yang bermula hari ini disertai oleh ketua-ketua perniagaan dan pakar industri untuk membincangkan mengenai kebimbangan ini serta berkongsi pandangan tentang tema forum ‘Perniagaan dalam Normal Baharu’.

Forum itu yang menampilkan lebih daripada sepuluh sesi pleno, sesi perbincangan dan sesi ucap tama, bakal menjanjikan platform perbincangan yang rancak bagi pertukaran idea dan perangkaian.

Topik yang akan dibincangkan pada forum itu adalah meluas daripada perspektif makro dalam sesi pleno hinggalah kepada topik khusus industri pada sesi perbincangan.

© Bernama Library & Infolink Service

Sesi-sesi itu akan merangkumi perbincangan mengenai perjalanan dan pelancongan, digitalisasi PKS, cabaran sektor runcit serta isu pengangguran, termasuk satu sesi mengenai impak belia dalam perniagaan dan politik.

GOVT WILL INTENSIFY EFFORTS TO HELP MSMES UNDER 12MP

Bernama News | Economic News | 20/10/2021 | Author: ZARUL EFFENDI RAZALI | Others

KUALA LUMPUR, Oct 20 (Bernama) -- The government will intensify its efforts to help micro, small and medium enterprises (MSMEs), especially small business owners by implementing income-raising and capacity building programmes in urban and rural areas,

Minister in the Prime Minister Department (Economy) Datuk Seri Mustapa Mohamed said that under the 12th Malaysia Plan (12MP), the government would assist the target group by encouraging entrepreneurship and access to financing facilities.

“In the context of building back better, the 12MP aims to ensure that we can achieve high income status by 2025. At the same time, we have to be more sustainable in order to ensure that we can become a carbon neutral country at the earliest in 2050.

“The plan will also provide more balanced development across regions and states to ensure that the fruits of development are equally shared by our citizens,” he said in his pre-recorded keynote address at the virtual Perdana Leadership Foundation CEO Forum 2021 today.

Concurrently, he said, the government will further enhance access to education, healthcare and housing, and improving the quality of life for the urban poor, especially in the People Housing Programme (PPRs).

“The government’s priorities in the next five years include increasing incomes, eliminating absolute poverty, and reducing development gaps between states and regions as well as ensuring quality growth that is sustainable.

“Like the five-year plans that came before, the 12MP provides an overarching trajectory of the government’s development agenda. It provides guidance to government agencies, the private sector, investors, and the public at large on the overall policy direction of the government,” he said.

The two-day forum beginning today will bring together business leaders and industry experts to address these concerns as well as to provide insights and opinions on the theme “Business in the New Normal”.

With more than ten plenary, concurrent, and keynote sessions, the forum promises to be a lively platform for idea-exchange and networking.

The topics that will be discussed at the forum are wide-ranging, from the macro perspective in the plenary to industry specifics at concurrent sessions.

The sessions will cover travel and tourism, SME digitalisation, retail sector challenges as well as employment issues, including a session on the impact of youth on business and politics.

慕斯達法：加大力度幫助中小微企業

（吉隆坡20日讯）政府将通过在城市和农村地区实施增加收入和能力建设计划，加大力度帮助中小微企业。

首相署经济事务部长拿督斯里慕斯达法表示，根据第十二大马计划，政府将通过鼓励创业和获得融资设施来协助目标群体。

「在更好重建的背景下，第十二大马计划旨在确保我们能够在2025年之前实现高收入国。同时，我们必须更加可持续，以确保我们能够尽早在2050年成为碳中和国家。」

「该计划还将提供跨地区和州的更平衡的发展，以确保我们的公民平等分享发展成果。」

同时，他说，政府将进一步增加获得教育、医疗保健和住房的机会，并改善城市贫民的生活质量，特别是在人民组屋的人民。

「政府未来五年的优先事项包括增加收入、消除绝对贫困、缩小州和地区之间的发展差距以及确保可持续的高质量增长。」

首相署经济事务部长拿督斯里慕斯达法

「就像之前的五年计划一样，第十二大马计划提供了政府发展议程的总体轨迹。它为政府机构、私营部门、投资者和广大公众提供有关政府总体政策方向的指导。」

慕斯达法今日在2021年首要领袖基金首席执行员论坛致词时，如是指出。这个从今天开始的为期两天的论坛将汇集商界领袖和行业专家，以解决这些问题，并就「新常态下的商业」主题，提供见解和意见。

论坛有十多场会议、同期会议和主题演讲，同时提供思想交流的平台。论坛讨论的主题范围广泛，涵盖旅行和旅游业、中小企业数字化、零售业挑战以及就业问题，包括青年对商业和政治影响。

'Urusan seperti lazim' tak boleh diguna pakai lagi

Kuala Lumpur: Pendekatan 'urusan seperti lazim' tidak boleh diguna pakai lagi dalam situasi Malaysia berdepan cabaran pasca pandemik COVID-19.

Menteri di Jabatan Perdana Menteri (Ekonomi), Datuk Seri Mustapa Mohamed, berkata kerajaan menyedari perkara itu, sekali gus perlu mengambil tindakan berani untuk mengharungi-nya sama ada cabaran wujud sebelum pandemik mahupun baru muncul daripada krisis itu.

"Sesetengah kelemahan yang timbul disebabkan krisis itu, tentunya bukan baharu.

"Justeru, adalah penting untuk kerajaan mengambil peluang ini bagi melakukan pembaharuan ekonomi dan 'membina semula dengan lebih baik'. Memang inilah yang sedang kita lakukan," katanya.

Beliau berkata demikian ketika menyampaikan ucaptama bertajuk 'Merubah Ekonomi Malaysia ke Tahap Lebih Tinggi: Penilaian, Strategi dan Tindakan' pada Forum CEO 2021: Perniagaan dalam Norma Baharu anjuran Yayasan Kepimpinan Perdana yang diadakan secara maya, semalam.

Mustapa berkata, melalui Rancangan Malaysia Ke-12 (RMK-12), kerajaan akan menggiatkan usaha membantu perindustrian kecil dan sederhana mikro (PKSM), terutama pemilik perniagaan kecil, dengan melaksanakan program peningkatan pendapatan serta pembinaan kapasiti di kawasan bandar dan luar bandar.

"Kerajaan juga akan menggalakkan keusahawanan dan akses kepada kemudahan pembiayaan.

"Pada masa sama, kerajaan akan terus meningkatkan akses kepada pendidikan, penjagaan kesihatan dan perumahan, selain menambah baik kualiti hidup miskin bandar, terutama di Projek Perumahan Rakyat (PPR)," katanya.

Mustapa memaklumkan bawah pelan lima tahun itu, keutamaan kerajaan termasuklah meningkatkan pendapatan, membasmi kemiskinan tegar dan mengurangkan jurang pembangunan antara negeri dan wilayah, serta memastikan pertumbuhan kualiti mapan.

Selain itu, melalui pelaksanaan lapan pakej rangsangan pula, beliau berkata, kerajaan berusaha mengurangkan beban rakyat untuk memastikan mata pencarian tidak terputus dan kesejahteraan mereka terpelihara.

"Kini, kita mula melihat tanda pemulihan dengan banyak perniagaan, kecuali sektor pelancongan, sudah kembali ke landasan," katanya.

慕斯達法：冠病演變全球經濟危機

不能用舊模式應對挑戰

（吉隆坡20日讯）首相署经济事务部长拿督斯里慕斯达法指出，政府不能再采取“一切照旧”的模式来应对疫情后的挑战。

他说，冠病疫情已从最初的健康危机演变成全球经济危机，同时也为我国带来了前所未有的新挑战。

慕斯达法今日透过线上方式为2021年首要领导基金会（Perdana Leadership Foundation）CEO论坛主持开幕时表示，疫情导致需求减少，供应链严重中断，收入急剧下降，并对陷入困境的行业产生连锁反应，导致大规模裁员，生活、生计和企业都受到严重影响。

疫情致经济萎缩5.6%

他说，疫情造成了我国在2020年的国内经济萎缩5.6%，是1997年亚洲金融危机以来最糟糕的经济表现。

“商界面临许多困难——与商业伙伴就绩效问题、生产延迟、付款和现金流问题发生纠纷。”

慕斯达法坦言，许多企业也在疫情期间对政府提出了很多诉求，尤其是涉及标准作业程序（SOP）的问题。

“还有其他的挑战包括因为疫情而实施的行动管制令引发的精神压力。”

慕斯达法指出，虽然全球和我国的经济已经开始出现复苏迹象，但疫情造成的连锁反应仍然存在。

他强调，政府目前的首要目标是确保人民的生命和生计受到保护，政府必须借此机会改革经济并“重建得更好”。

慕斯达法认为，第12大马计划将在重建我国经济的努力中扮演重要角色，旨在确保我国能够在2025年成为高收入国家，并且最早在2050年实现碳中和国家。

他说，第12大马计划将提供更加均衡的发展，确保人民平等分享发展成果。

加大力度助中小微企

“政府将加大力度帮助中小微企业，尤其是小企业主，在城乡地区实施增收和能力建设计划，鼓励创业和获得融资便利。同时，政府还将加强教育、医疗保健和住房，并改善城市贫民的生活质量。”

他说，政府未来5年的工作重点包括增加收入、消除绝对贫困、缩小国家和地区之间的发展差距，以及确保可持续的高质量增长。

另外，首要领导基金会受托人董事会主席丹斯里阿兹曼哈欣表示，2020年和2021年对马来西亚企业而言，是非常具有挑战性的，因为大多数行业的收入都出现了创纪录的下滑。

“鉴于疫情带来的非常独特的情况，我认为商界领袖和高管相互交流他们的经验和观点变得更为重要，本次论坛的主旨发言人相信能为讨论提供所需的见解和方向。”

为期两天的2021年首要领导基金会CEO论坛将汇集商业领袖和行业专家，就“新常态下的商业”主题提供见解和意见。

参与论坛的嘉宾包括大马经济协会主席拿督诺玛曼梳、国库控股研究院高级顾问兼经济学家佐摩、国家银行前副总裁丹斯里林西彦、大马银行集团批发银行董事经理拉惹泰麦姆娜、卫生副总监（研究与技术支援）拿督希山沙以及马来西亚私人医院协会（APHM）主席拿督古吉星等。此外，前首相敦马哈迪将为闭幕发表主题演说。（LPP）

Stronger social protection plans needed now

by HARIZAH KAMEL

MALAYSIAN Economic Association president Prof Datuk Norma Mansor said stronger social protection should be the way forward for the country.

She noted that Malaysia is reluctant to introduce a more systematic and holistic type of social protection.

"We are afraid that we will be considered a welfare state and yet almost all developed nations including South Korea, Japan and now China are protecting their people better. With social protection, it is not about finance but political will," she said during a plenary session titled "The New Paradigms for Business & The Malaysian Economy" at the Perdana Leadership Foundation CEO Forum 2021 yesterday.

There is a need for a social protection floor to be introduced now, economists told *The Malaysian Reserve* previously, amid concerns that up to 46% of the Employees Provident Fund members have less than RM10,000 in their accounts.

Economist Dr Nungsari Ahmad Radhi warned that the lack of pension and retirement fund adequacy is a time bomb, if not properly managed given a changing demographics.

Rapid ageing poses a challenge to Malaysia's socio-economic policies, including those related to the labour market, income security post-working age, as well as health and old-age care.

Meanwhile, Khazanah Research Institute research advisor Prof Jomo Kwame Sundaram said poor understanding of what is economically important in Malaysia is causing major problems and part of this misperception derives from the availability, use and interpretation of economic statistics.

"The commanding heights of Malaysia's economy are still heavily foreign dominated, if not influenced, which has very important consequences.

"For example, in Malaysia, we pretend as if it is Malaysians who are building the economy almost alone when in fact, the labour force is close to one third foreign," he said.

Pic by Muhd Amin Nafarul

Dr Nungsari warns that the lack of pension and retirement fund adequacy is a time bomb, if not properly managed given a changing demographics

Jomo said we have a very poor understanding of statistics of foreign workers that are not included in the national statistics. He cited the vaccination programme as an example.

"If we do not vaccinate them, how effective are our vaccination programmes? I think we really have to come to terms with all this because it fundamentally affects our understanding of productivity," he said.

Furthermore, he said relatively less attention is given to the small and medium enterprises (SMEs) which has very important consequences citing "because it is precisely there (SMEs) that the most interesting and new Malaysian capabilities are imported".

When asked if the world economy is enough to return to normalcy and should nations push hard to renew policies towards more sustainable outcomes with respect to disparities and climate change, Zeta Advisory EC Tan Sri Dr Lin See Yan believes that the world economy is beginning to slow down as it is already reaching its potential.

"What is important for us is that the world's growth is actually concentrated in Asia — four of the five largest economies in the world are in Asia. Rather than look at the world economy, it is important that we look at what we have regionally in Asia and take advantage of that," he said.

He noted that China in particular is working very closely with Vietnam which resulted in the latter taking over Malaysia.

"If you look at the 12th Malaysia Plan, everything is beautifully drafted but where are the policies supporting those programmes?" he queried.

Pandemic reset presents opportunity to build business back better

Signs of recovery are beginning to show and many businesses are now back on track

by HARIZAH KAMEL

THE government has recognised it won't be business-as-usual as it grapples with challenges to bring business and the economy back on its feet post-Covid 19, said Minister in the Prime Minister's Department (Economy) Datuk Seri Mustapa Mohamed.

"We need to take the bull by the horns. Some of the vulnerabilities and weaknesses exposed by this crisis are certainly not new, hence it is imperative that the government take this opportunity to reform the economy and build back better," he said in his keynote speech at the Perdana Leadership Foundation CEO Forum 2021 yesterday.

Mustapa said the 12th Malaysia Plan (12MP) aims to ensure that Malaysia can achieve high-income status by 2025 and to focus on issues related to sustainability to become a carbon-neutral country by 2050, or before.

He said the 12MP will also provide more balanced development across regions and states to ensure that the fruits of development are fairly shared.

Although the global and domestic economies are showing signs of recovery with the medium-term outlook being a lot brighter, the pandemic's ripple effects are still being felt.

Mustapa said signs of recovery are beginning to show and that many businesses, except for those in the tourism sector, are now back on track.

TMRpic

The 12MP aims to ensure that Malaysia can achieve high-income status by 2025 and to focus on issues related to sustainability to become a carbon-neutral country by 2050, or before, says Mustapa

"The government will intensify efforts to help micro, small and medium enterprises (SMEs), especially small business owners by implementing programmes to raise income and capacity in urban and rural areas, as well as encouraging entrepreneurship and providing access to financial facilities.

"At the same time, the government will enhance access to education, healthcare and housing and improve the quality of life for the urban poor especially in the People's Housing Project," he said.

He said in preparing the 12MP, the Economic Planning Unit engaged with various stakeholders as early as April 2019.

"Going forward, we will continue with these engagements and work closely with all stakeholders to create a more prosperous, inclusive and sustainable Malaysia," he added.

AmInvestment Bank Bhd chief economist Dr Anthony Dass, who moderated the keynote address, highlighted key elements for all businesses regardless if they are micro or SMEs to look at going forward. The first is for businesses to be tied up to sustainability which is environmental, social and corporate governance (ESG).

"What we realised is that consumer appetite is moving towards that direction. People are becoming far more learned in terms of all the importance of ESG.

"Besides that, businesses will have to move towards digitalisation and automation; some will be going to full-scale, others might go to 50% or 30%, it's all relative to the type of business. Hence, businesses can't run away from these two elements.

Dass, who is also a member of the Economic Action Council, stressed the final element is in terms of talent that has to be more market-driven than just becoming a theoretician.

"Rather than producing graduates who are so textbook driven which we tend to see, I think the dynamics of the whole scale has to move to what the market needs. This is where the reskilling and all its elements of things where companies want to do training and so on have to very much conform towards the business," he said.

MSMEs must digitalise to survive, says MDEC

by AMIR AZLAN

MICRO, small and medium enterprises (MSMEs) must adapt digitalisation to ensure their survivability post-Covid-19, says Malaysia Digital Economy Corp (MDEC) senior VP and digital industry officer Gopi Ganesalingam.

Gopi noted that MSMEs are the backbone of the Malaysian economy taking up almost 80% of all business establishments in the country, hence to future-proof the industry, they need to adapt to ensure short- and long-term growth for the country's economic recovery.

"Players in the MSME sector need to realise that things have changed. The consumer and business culture has changed as everyone has started to digitalise, so they have to be aware of these changes and go with the flow to assure their business' survivability.

"MDEC has provided an abundance of digitalisation programme, one of which is #sayadigitalmovement to help MSMEs cope with the aggressive change caused by the pandemic and empower them in digitalising their businesses," he said in a session discussing future-proofing Malaysian MSMEs during the Perdana Leadership Foundation CEO Forum 2021 yesterday.

According to Gopi, MSMEs are the backbone of the Malaysian economy taking up almost 80% of all business establishments in the country

SME Corp CEO Rizal Nainy added that other than digitalisation to adapt to the new normal, MSMEs must also focus on sustainability and inclusiveness as part of their recovery agenda.

"MSMEs must be extra innovative in providing products and services to their customers and incorporating sustainable principles namely environmental, social and corporate governance best practices into their business strategies on par with multinational companies to grow.

"On the topic of inclusivity, MSMEs must remember that economic inclusivity starts with decent job opportunities and social security for its human capital. With these factors taken into account, they will be more resilient to future threats," he said.

Meanwhile, IA Group founder and CEO Datuk Dr Hamzah Kassim also highlighted that MSMEs must be open to altering their business management portfolio and they must be educated in the said factors.

"Many MSMEs are family-owned enterprises and I think they should open up to professionalise their management and move to the cloud system to support the management of their financial or human resources.

"They should also embrace some of the latest practices to upgrade their enterprise's systems to move ahead in the future.

INCOME-RAISING PROGRAMMES

Helping MSMEs get financing

KUALA LUMPUR: The government will intensify efforts to help micro, small- and medium-scale enterprises (MSMEs), especially small business owners, by implementing income-raising and capacity-building programmes in urban and rural areas,

Minister in the Prime Minister's Department (Economy) Datuk Seri Mustapa Mohamed said under the 12th Malaysia Plan (12MP), the government would help the target group have easier access to financing.

"The 12MP aims to ensure that we can achieve high-income nation status by 2025. At the same time, we have to be more sustainable to ensure that we can become a carbon neutral country at the earliest by 2050.

"The plan will provide more balanced development across regions and states to ensure that the fruits of development are shared by our citizens."

He said this in his pre-recorded keynote address at the virtual two-day Perdana Leadership Foundation CEO Forum 2021 yesterday. **Bernama**

“一切如常”非良策
大胆应对后疫情挑战

（吉隆坡20日讯）在马来西亚面对后冠病疫情时代的挑战时，“一切如常”的方法已不适用。

首相署（经济）部长拿督斯里慕斯达法说，政府已意识到这情况，并认为需要采取大胆的行动，应对疫情之前存在或是疫情期间浮现的挑战。

“一些在这危机中出现的弱点，肯定不是新弱点。鉴于此，政府务必借此机会进行经济改革和朝向更好的方向重建。这正是我们正在做的。”

他今日在2021年线上总执行长论坛发表演讲时指出，政府将通过第12大马计划进一步协助中小企业，尤其是小型商家，其方式包括推行提高收入的计划及加强城市与乡镇地区商家的能力。

“政府也将鼓励创业，以及提供融资便利。

“与此同时，政府也会继续改善获得教育、医疗和住房的管道，并提高城市贫民的生活质量，尤其是推行人民组屋计划。”

慕斯达法指出，第12大马计划的优先目标包括提高收入、消除赤贫、缩小各州之间的发展鸿沟，以及取得可持续的增长。

针对政府日前推行的8个振兴配套，他说，政府致力减轻人民的负担，以确保他们的生计不受影响，福祉获得保障。

“现在，我们开始看到复苏的迹象，除旅游业外，许多企业已重回正轨。”

首要領導基金會CEO論壇

慕斯達法：成全球經濟危機

疫後挑戰不能守舊

（吉隆坡20日讯）首相署（经济事务）部长拿督斯里慕斯达法指出，冠病疫情为全球甚至是我国带来了前所未有的新挑战，迫使政府意识到不能再采取“一切照旧”的模式来应对疫情后的挑战。

慕斯达法今日透过线上方式为2021年首要领导基金会（Perdana Leadership Foundation）CEO论坛主持开幕时表示，冠病疫情已从最初的健康危机演变成全球经济危机。

“疫情导致需求减少，供应链严重中断，收入急剧下降，并对陷入困境的行业产生连锁反应，导致大规模裁员，生活、生计和企业都受到严重影响。”

他说，疫情造成了我国在2020年的国内经济萎缩5.6%，是1997年亚洲金融危机以来最糟糕的经济表现。

“商界面临许多困难——与商业伙伴就绩效问题、生产延迟、付款和现金流问题发生纠纷。”

慕斯达法坦言，许多企业也在疫情期间对政府提出了很多诉求，尤其是涉及标准作业程序（SOP）的问题。

阿兹曼哈欣：商界交流更重要

另外，首要领导基金会受托人董事会主席丹斯里阿兹曼哈欣表示，2020和2021年对马来西亚企业而言，是非常具有挑战性的，因为大多数行业的收入都出现了创纪录的下滑。

“鉴于疫情带来的非常独特的情况，我认为商界领袖和高管相互交流他们的经验和观点变得更为重要，本次论坛的主旨发言人相信能为讨论提供所需的见解和方向。”

为期两天的2021年首要领导基金会CEO论坛将汇集商业领袖和行业专家，就“新常态下的商业”主题提供见解和意见。

参与本次论坛的嘉宾包括大马经济协会主席拿督诺玛曼梳、国库控股研究院高级顾问兼经济学家佐摩、国家银行前副总裁丹斯里林西彦、大马银行集团批发银行董事经理拉惹泰麦姆娜、卫生副总监（研究与技术支援）拿督希山沙以及马来西亚私人医院协会（APHM）主席拿督古吉星等人。此外，前首相敦马哈迪也将为闭幕发表主题演说。

Kerajaan akan perkukuh usaha bantu PMKS dibawah RMK12

KUALA LUMPUR - Kerajaan akan memperkukuh usaha bagi membantu perusahaan mikro, kecil dan sederhana (PMKS) terutamanya pemilik perniagaan kecil dengan melaksanakan program meningkatkan pendapatan dan membina kapasiti di kawasan bandar serta luar bandar.

Menteri di Jabatan Perdana Menteri (Ekonomi) Datuk Seri Mustapa Mohamed berkata, di bawah Rancangan Malaysia Ke-12 (RMK12) kerajaan akan membantu kumpulan sasaran dengan menggalakkan keusahawanan dan menyediakan akses kepada kemudahan pembiayaan.

"Dalam konteks membina semula dengan lebih baik, RMK12 disasarkan untuk memastikan kita boleh mencapai status pendapatan tinggi menjelang 2025. Pada masa yang sama, kita perlu lebih mampan untuk memastikan kita boleh menjadi negara neutral karbon seawal 2050.

"Rancangan itu juga akan menyediakan pembangunan lebih seimbang di seluruh wilayah dan negeri bagi memastikan hasil pembangunan dikongsi bersama oleh semua rakyat kita," katanya dalam ucaptama beliau yang dirakam terlebih dahulu pada Forum CEO Yayasan Kepimpinan Perdana 2021 yang diadakan secara maya, pada Rabu.

Serentak dengan itu, katanya, kerajaan akan mengukuhkan lagi akses kepada pendidikan, penjagaan kesihatan dan perumahan serta menambah baik kualiti hidup golongan miskin bandar, terutamanya yang tinggal di Program Perumahan Rakyat (PPR).

"Keutamaan kerajaan dalam tempoh lima tahun akan datang termasuk meningkatkan pendapatan, membasmi kemiskinan tegar, mengurangkan jurang pembangunan antara negeri dan wilayah serta memastikan pertumbuhan berkualiti yang mampan.

"Seperti rancangan lima tahun yang dilaksanakan sebelum ini, RMK12 menyediakan trajektori menyeluruh agenda pembangunan kerajaan. Ia menyediakan panduan kepada agensi kerajaan, sektor swasta, pelabur dan orang awam mengenai keseluruhan hala tuju dasar kerajaan," katanya.

MUSTAPA MOHAMED

Forum dua hari itu yang bermula hari ini disertai oleh ketua-ketua perniagaan dan pakar industri membincangkan mengenai kebimbangan ini serta berkongsi pandangan tentang tema forum 'Perniagaan dalam Normal Baharu'.

Forum itu yang menampilkan lebih daripada sepuluh sesi pleno, sesi perbincangan dan sesi ucaptama, bakal menjanjikan platform perbincangan yang rancak bagi pertukaran idea dan perangkaian.

Topik yang akan dibincangkan pada forum itu adalah meluas daripada perspektif makro dalam sesi pleno hinggalah kepada topik industri pada sesi perbincangan.

Sesi-sesi itu akan merangkumi perbincangan mengenai perjalanan dan pelancongan, digitalisasi PKS, cabaran sektor runcit serta isu pengangguran, termasuk satu sesi mengenai impak belia dalam perniagaan dan politik. *-Bernama*

Mustapa: Govt to step up efforts to help MSMEs

Focus on raising incomes, building capacity, promoting entrepreneurship and ensuring access to financing

BY **JUNE MOH**
sunbiz@thesundaily.com

PETALING JAYA: The government will intensify its efforts to help micro, small and medium enterprises (MSMEs), especially small business owners, by implementing income-raising and capacity-building programmes in urban and rural areas, as well as by encouraging entrepreneurship and access to financing facilities, said Minister in the Prime Minister's Department (Economy) Datuk Seri Mustapa Mohamed.

Mustapa said the government has recognised that it cannot adopt a "business-as-usual" approach in dealing with post-pandemic challenges.

"Some of the vulnerabilities and weaknesses exposed by this crisis are certainly not new. Hence, it is imperative that the government take this opportunity to reform the economy and 'build back better.'

"In building back better, the 12th Malaysia Plan (12MP) aims to ensure that we can achieve high income status by 2025 and be more sustainable in order to ensure that we can become a carbon neutral country at the earliest in 2050. The plan will also provide more balanced development across regions and states to ensure that the fruits of development are equally shared by our citizens," Mustapa said in his keynote address (*pix*) on "Shifting the Malaysian Economy Into Higher Gear: Assessment, Strategy, and Action" at the virtual Perdana Leadership Foundation CEO Forum 2021 yesterday.

He added that the government's priorities in the next five years include increasing incomes, eliminating absolute poverty, and reducing development gaps between states and regions, as well as ensuring quality growth that is sustainable.

At the forum's plenary session "The New Paradigms for Business & The Malaysian Economy", Universiti Malaya Social Wellbeing Research Centre director Prof Datuk Norma Mansor said that in spite of eight packages introduced by the government since 2020 to support businesses and domestic demand, more longer term and sustainable policies are required to address the near-term problems Malaysia is facing.

"Due to lockdowns, unemployment, and businesses folding up, the structure of inequality has deepened. It is not just in terms of wealth inequality because bigger companies and the wealthier individuals and companies are able to build on their riches by purchasing assets and enabling them to further rebuild and consolidate during this period. While for small businesses and individuals who are in the lower income groups, they are the ones who are losing out despite the government support, they cannot recover the losses they suffered during the Covid-19 crisis," she said.

Norma said there are 907,000 small and medium enterprises (SMEs) and micro enterprises in Malaysia that have been impacted by Covid-19 and it is impossible for them to predict what will come next. Thousands of businesses have closed and about 770,000 remain unemployed since 2020 due to prolonged lockdowns despite stimulus packages amounting to RM530 billion introduced by the government.

"It is crucial to have good social protection to support the economy in which it can lead businesses to thrive during the good times and to provide support when businesses are facing a crisis.

"We are slow in opening data. Innovative digital entrepreneurs (from other countries) have used censors, health, transportation and other data shared on government platforms to create services that have economic or social benefits for their fellow citizens. Data openness is a positive thing that we have to work on especially in this country. The greater transparency in general would lead to healthier investment and business climate and this can also enhance public service delivery particularly in the areas of social protection," she said.

In the same plenary session, AmBank Group wholesale banking managing director Raja Teh Maimunah Raja Abdul Aziz said the pandemic has accelerated digital transformation but there is a huge divide between businesses and organisations that can afford the digital adoption in purchasing technology and train their people; and those who cannot afford to do so.

"Micro enterprises make up of 80% of SMEs and their growth has been huge at 5% every year but they were absolutely not ready for digital adoption. The un-readiness is still visible 18 months down the road.

"A number of micro enterprises clients do not have something as simple as connection or online payments capability. They were in a cash economy when the pandemic hit them in March, 2020 and they do not have an alternative distribution channel.

"Not everything needs to move online, what we need to build in our micro enterprises is the understanding that they have to have multiple distribution channels, they need to be able to fulfil offline and online."

Those who are not ready require huge financing assistance, she said.

Govt to intensify efforts to help MSMEs under 12MP, says Mustapa

(Photo by The Edge)

BERNAMA

October 20, 2021 | Updated 1 week ago

KUALA LUMPUR (Oct 20): The government will intensify its efforts to help micro, small and medium enterprises (MSMEs), especially small business owners, by implementing income-raising and capacity-building programmes in urban and rural areas.

Minister in the Prime Minister Department (Economy) Datuk Seri Mustapa Mohamed said that under the 12th Malaysia Plan (12MP), the government will assist the target group by encouraging entrepreneurship and access to financing facilities.

“In the context of building back better, the 12MP aims to ensure that we can achieve high-income status by 2025. At the same time, we have to be more sustainable in order to ensure that we can become a carbon-neutral country at the earliest in 2050.

"The plan will also provide more balanced development across regions and states to ensure that the fruits of development are equally shared by our citizens," he said in his pre-recorded keynote address at the virtual Perdana Leadership Foundation CEO Forum 2021 on Wednesday.

Concurrently, he said, the government will further enhance access to education, healthcare and housing, and improve the quality of life for the urban poor, especially in the People's Housing Projects (PPRs).

"The government's priorities in the next five years include increasing incomes, eliminating absolute poverty and reducing development gaps between states and regions as well as ensuring quality growth that is sustainable.

"Like the five-year plans that came before, the 12MP provides an overarching trajectory of the government's development agenda. It provides guidance to government agencies, the private sector, investors and the public at large on the overall policy direction of the government," he said.

The two-day forum beginning from Wednesday brings together business leaders and industry experts to address these concerns as well as to provide insights and opinions on the theme of "Business in the New Normal".

With more than 10 plenary, concurrent and keynote sessions, the forum promises to be a lively platform for idea exchange and networking.

The topics discussed at the forum are wide-ranging — from the macro perspective in the plenary to industry specifics in the concurrent sessions.

The sessions will cover travel and tourism, SME digitalisation, retail-sector challenges as well as employment issues, including a session on the impact of youths on business and politics.

Govt to intensify efforts to help MSMEs under 12MP, says Mustapa

TheEdge Wed, Oct 20, 2021 03:45pm - 1 week View Original

KUALA LUMPUR (Oct 20): The government will intensify its efforts to help micro, small and medium enterprises (MSMEs), especially small business owners, by implementing income-raising and capacity-building programmes in urban and rural areas.

Minister in the Prime Minister Department (Economy) Datuk Seri Mustapa Mohamed said that under the 12th Malaysia Plan (12MP), the government will assist the target group by encouraging entrepreneurship and access to financing facilities.

“In the context of building back better, the 12MP aims to ensure that we can achieve high-income status by 2025. At the same time, we have to be more sustainable in order to ensure that we can become a carbon-neutral country at the earliest in 2050.

“The plan will also provide more balanced development across regions and states to ensure that the fruits of development are equally shared by our citizens,” he said in his pre-recorded keynote address at the virtual Perdana Leadership Foundation CEO Forum 2021 on Wednesday.

Concurrently, he said, the government will further enhance access to education, healthcare and housing, and improve the quality of life for the urban poor, especially in the People's Housing Projects (PPRs).

“The government’s priorities in the next five years include increasing incomes, eliminating absolute poverty and reducing development gaps between states and regions as well as ensuring quality growth that is sustainable.

“Like the five-year plans that came before, the 12MP provides an overarching trajectory of the government’s development agenda. It provides guidance to government agencies, the private sector, investors and the public at large on the overall policy direction of the government,” he said.

A- A+

KUALA LUMPUR - Kerajaan akan memperkukuh usaha bagi membantu perusahaan mikro, kecil dan sederhana (PMKS) terutamanya pemilik perniagaan kecil dengan melaksanakan program meningkatkan pendapatan dan membina kapasiti di kawasan bandar dan luar bandar.

Menteri di Jabatan Perdana Menteri (Ekonomi), Datuk Seri Mustapa Mohamed berkata, di bawah Rancangan Malaysia Ke-12 (RMK12), kerajaan akan membantu kumpulan sasaran dengan menggalakkan keusahawanan dan menyediakan akses kepada kemudahan pembiayaan.

“Dalam konteks membina semula dengan lebih baik, RMK12 disasarkan untuk memastikan kita boleh mencapai status pendapatan tinggi menjelang tahun 2025. Pada masa sama, kita perlu lebih mampan untuk memastikan kita boleh menjadi negara neutral karbon seawal tahun 2050.

“Rancangan itu juga akan menyediakan pembangunan lebih seimbang di seluruh wilayah dan negeri bagi memastikan hasil pembangunan dikongsi bersama oleh semua rakyat kita,” katanya dalam ucap tama beliau yang dirakam terlebih dahulu pada Forum CEO Yayasan Kepimpinan Perdana 2021 yang diadakan secara maya pada Rabu.

Serentak dengan itu, katanya, kerajaan akan mengukuhkan lagi akses kepada pendidikan, penjagaan kesihatan dan perumahan dan menambah baik kualiti hidup golongan miskin bandar, terutamanya yang tinggal di Program Perumahan Rakyat (PPR).

“Keutamaan kerajaan dalam tempoh lima tahun akan datang termasuk meningkatkan pendapatan, membasmi kemiskinan tegar dan mengurangkan jurang pembangunan antara negeri dan wilayah serta memastikan pertumbuhan berkualiti yang mampan.

“Seperti rancangan lima tahun yang dilaksanakan sebelum ini, RMK12 menyediakan trajektori menyeluruh agenda pembangunan kerajaan. Ia menyediakan panduan kepada agensi kerajaan, sektor swasta, pelabur dan orang awam mengenai keseluruhan hala tuju dasar kerajaan,” katanya.

Forum dua hari itu yang bermula Rabu disertai oleh ketua-ketua perniagaan dan pakar industri untuk membincangkan mengenai kebimbangan ini serta berkongsi pandangan tentang tema forum ‘Perniagaan dalam Normal Baharu’.

Disyorkan artikel ini:

- Kerajaan Sarawak peruntuk RM78.5 juta bantu PKS, perusahaan mikro
- Kerajaan nafi belanja RM2 bilion siapkan buku RMK12
- 'RMK12 paling sukar dalam sejarah'

Forum itu yang menampilkan lebih daripada sepuluh sesi pleno, sesi perbincangan dan sesi ucap tama, bakal menjanjikan platform perbincangan yang rancak bagi pertukaran idea dan perangkaian.

Topik yang akan dibincangkan pada forum itu adalah meluas daripada perspektif makro dalam sesi pleno hinggalah kepada topik khusus industri pada sesi perbincangan.

Sesi-sesi itu akan merangkumi perbincangan mengenai perjalanan dan pelancongan, digitalisasi PKS, cabaran sektor runcit serta isu pengangguran, termasuk satu sesi mengenai impak belia dalam perniagaan dan politik. - Bernama

Mustapa: Government will step up efforts to help MSMEs

June Moh

10- 20- 2021 11:00 PM

Mustapa delivering his keynote address at the virtual Perdana Leadership Foundation CEO Forum 2021.

PETALING JAYA: The government will intensify its efforts to help micro, small and medium enterprises (MSMEs), especially small business owners, by implementing income-raising and capacity-building programmes in urban and rural areas, as well as by encouraging entrepreneurship and access to financing facilities, said Minister in the Prime Minister's Department (Economy) Datuk Seri Mustapa Mohamed.

Mustapa said the government has recognised that it cannot adopt a "business-as-usual" approach in dealing with post-pandemic challenges.

"Some of the vulnerabilities and weaknesses exposed by this crisis are certainly not new. Hence, it is imperative that the government take this opportunity to reform the economy and 'build back better'.

"In building back better, the 12th Malaysia Plan (12MP) aims to ensure that we can achieve high income status by 2025 and be more sustainable in order to ensure that we can become a carbon neutral country at the earliest in 2050. The plan will also

provide more balanced development across regions and states to ensure that the fruits of development are equally shared by our citizens," Mustapa said in his keynote address (*pix*) on "Shifting the Malaysian Economy Into Higher Gear: Assessment, Strategy, and Action" at the virtual Perdana Leadership Foundation CEO Forum 2021 today.

He added that the government's priorities in the next five years include increasing incomes, eliminating absolute poverty, and reducing development gaps between states and regions, as well as ensuring quality growth that is sustainable.

At the forum's plenary session "The New Paradigms for Business & The Malaysian Economy", Universiti Malaya Social Wellbeing Research Centre director Prof Datuk Norma Mansor said that in spite of eight packages introduced by the government since 2020 to support businesses and domestic demand, more longer term and sustainable policies are required to address the near-term problems Malaysia is facing.

"Due to lockdowns, unemployment, and businesses folding up, the structure of inequality has deepened. It is not just in terms of wealth inequality because bigger companies and the wealthier individuals and companies are able to build on their riches by purchasing assets and enabling them to further rebuild and consolidate during this period. While for small businesses and individuals who are in the lower income groups, they are the ones who are losing out despite the government support, they cannot recover the losses they suffered during the Covid-19 crisis," she said.

Norma said there are 907,000 small and medium enterprises (SMEs) and micro enterprises in Malaysia that have been impacted by Covid-19 and it is impossible for them to predict what will come next. Thousands of businesses have closed and about 770,000 remain unemployed since 2020 due to prolonged lockdowns despite stimulus packages amounting to RM530 billion introduced by the government.

"It is crucial to have good social protection to support the economy in which it can lead businesses to thrive during the good times and to provide support when businesses are facing a crisis.

"We are slow in opening data. Innovative digital entrepreneurs (from other countries) have used censors, health, transportation and other data shared on government platforms to create services that have economic or social benefits for their fellow citizens. Data openness is a positive thing that we have to work on especially in this country. The greater transparency in general would lead to healthier investment and

business climate and this can also enhance public service delivery particularly in the areas of social protection," she said.

In the same plenary session, AmBank Group wholesale banking managing director Raja Teh Maimunah Raja Abdul Aziz said the pandemic has accelerated digital transformation but there is a huge divide between businesses and organisations that can afford the digital adoption in purchasing technology and train their people; and those who cannot afford to do so.

"Micro enterprises make up of 80% of SMEs and their growth has been huge at 5% every year but they were absolutely not ready for digital adoption. The un-readiness is still visible 18 months down the road.

"A number of micro enterprises clients do not have something as simple as connection or online payments capability. They were in a cash economy when the pandemic hit them in March, 2020 and they do not have an alternative distribution channel.

"Not everything needs to move online, what we need to build in our micro enterprises is the understanding that they have to have multiple distribution channels, they need to be able to fulfil offline and online. Those who are not ready are those requiring huge financing assistance," she said.

Availability of ICT infrastructure, connectivity, and affordability of acquiring smart devices are factors that affect micro enterprises from moving on, she added.

Pandemic reset presents opportunity to build business back better

Thursday, October 21st, 2021 at Economy | News

Facebook Twitter WhatsApp Telegram Pinterest

Signs of recovery are beginning to show and many businesses are now back on track

by HARIZAH KAMEL / Pic by TMR FILE PIX

THE government has recognised it won't be business-as-usual as it grapples with challenges to bring business and the economy back on its feet post-Covid 19, said Minister in the Prime Minister's Department (Economy) Datuk Seri Mustapa Mohamed.

"We need to take the bull by the horns. Some of the vulnerabilities and weaknesses exposed by this crisis are certainly not new, hence it is imperative that the government take this opportunity to reform the economy and build back better," he said in his keynote speech at the Perdana Leadership Foundation CEO Forum 2021 yesterday.

Mustapa said the 12th Malaysia Plan (12MP) aims to ensure that Malaysia can achieve high-income status by 2025 and to focus on issues related to sustainability to become a carbon-neutral country by 2050, or before.

He said the 12MP will also provide more balanced development across regions and states to ensure that the fruits of development are fairly shared.

Although the global and domestic economies are showing signs of recovery with the medium-term outlook being a lot brighter, the pandemic's ripple effects are still being felt.

Mustapa said signs of recovery are beginning to show and that many businesses, except for those in the tourism sector, are now back on track.

"The government will intensify efforts to help micro, small and medium enterprises (SMEs), especially small business owners by implementing programmes to raise income and capacity in urban and rural areas, as well as encouraging entrepreneurship and providing access to financial facilities.

"At the same time, the government will enhance access to education, healthcare and housing and improve the quality of life for the urban poor especially in the People's Housing Project," he said.

He said in preparing the 12MP, the Economic Planning Unit engaged with various stakeholders as early as April 2019.

"Going forward, we will continue with these engagements and work closely with all stakeholders to create a more prosperous, inclusive and sustainable Malaysia," he added.

AmInvestment Bank Bhd chief economist Dr Anthony Dass, who moderated the keynote address, highlighted key elements for all businesses regardless if they are micro or SMEs to look at going forward. The first is for businesses to be tied up to sustainability which is environmental, social and corporate governance (ESG).

"What we realised is that consumer appetite is moving towards that direction. People are becoming far more learned in terms of all the importance of ESG.

"Besides that, businesses will have to move towards digitalisation and automation; some will be going to full-scale, others might go to 50% or 30%, it's all relative to the type of business. Hence, businesses can't run away from these two elements.

Dass, who is also a member of the Economic Action Council, stressed the final element is in terms of talent that has to be more market-driven than just becoming a theoretician.

"Rather than producing graduates who are so textbook driven which we tend to see, I think the dynamics of the whole scale has to move to what the market needs. This is where the reskilling and all its elements of things where companies want to do training and so on have to very much conform towards the business," he said.

"Seperti rancangan lima tahun yang dilaksanakan sebelum ini, RMK-12 menyediakan trajektori menyeluruh agenda pembangunan kerajaan. Ia menyediakan panduan kepada agensi kerajaan, sektor swasta, pelabur dan orang awam mengenai keseluruhan hala tuju dasar kerajaan," katanya.

Forum dua hari itu yang bermula hari ini disertai oleh ketua-ketua perniagaan dan pakar industri untuk membincangkan mengenai kebimbangan ini serta berkongsi pandangan tentang tema forum 'Perniagaan dalam Normal Baharu'.

Forum itu yang menampilkan lebih daripada sepuluh sesi pleno, sesi perbincangan dan sesi ucap tama, bakal menjanjikan platform perbincangan yang rancak bagi pertukaran idea dan perangkaian.

Topik yang akan dibincangkan pada forum itu adalah meluas daripada perspektif makro dalam sesi pleno hinggalah kepada topik khusus industri pada sesi perbincangan.

Sesi-sesi itu akan merangkumi perbincangan mengenai perjalanan dan pelancongan, digitalisasi PKS, cabaran sektor runcit serta isu pengangguran, termasuk satu sesi mengenai impak belia dalam perniagaan dan politik.

Disiarkan pada: Oktober 20, 2021 @ 5:22pm

MSMEs must digitalise to survive, says MDEC

Thursday, October 21st, 2021 at Business (https://themalaysianreserve.com/category/business/) | News (https://themalaysianreserve.com/category/news/)

by AMIR AZLAN / Pic by TMR FILE PIX

MICRO, small and medium enterprises (MSMEs) must adapt digitalisation to ensure their survivability post-Covid-19, says Malaysia Digital Economy Corp (MDEC) senior VP and digital industry officer Gopi Ganesalingam *(picture)*.

Gopi noted that MSMEs are the backbone of the Malaysian economy taking up almost 80% of all business establishments in the country, hence to future-proof the industry, they need to adapt to ensure shortand long-term growth for the country's economic recovery.

"Players in the MSME sector need to realise that things have changed. The consumer and business culture has changed as everyone has started to digitalise, so they have to be aware of these changes and go with the flow to assure their business' survivability.

"MDEC has provided an abundance of digitalisation programme, one of which is #sayadigitalmovement to help MSMEs cope with the aggressive change caused by the pandemic and empower them in digitalising their businesses," he said in a session discussing future-proofing Malaysian MSMEs during the Perdana Leadership Foundation CEO Forum 2021 yesterday.

SME Corp CEO Rizal Nainy added that other than digitalisation to adapt to the new normal, MSMEs must also focus on sustainability and inclusiveness as part of their recovery agenda.

"MSMEs must be extra innovative in providing products and services to their customers and incorporating sustainable principles namely environmental, social and corporate governance best practices into their business strategies on par with multinational companies to grow.

"On the topic of inclusivity, MSMEs must remember that economic inclusivity starts with decent job opportunities and social security for its human capital. With these factors taken into account, they will be more resilient to future threats," he said.

Meanwhile, IA Group founder and CEO Datuk Dr Hamzah Kassim also highlighted that MSMEs must be open to altering their business management portfolio and they must be educated in the said factors.

"Many MSMEs are family-owned enterprises and I think they should open up to professionalise their management and move to the cloud system to support the management of their financial or human resources.

"They should also embrace some of the latest practices to upgrade their enterprise's systems to move ahead in the future. - The Malaysian Reserve

Stronger social protection plans needed now

Thursday, October 21st, 2021 at News

Facebook Twitter WhatsApp Telegram Pinterest

by HARIZAH KAMEL / Pic by MUHD AMIN NAHARUL

MALAYSIAN Economic Association president Prof Datuk Norma Mansor said stronger social protection should be the way forward for the country.

She noted that Malaysia is reluctant to introduce a more systematic and holistic type of social protection.

"We are afraid that we will be considered a welfare state and yet almost all developed nations including South Korea, Japan and now China are protecting their people better. With social protection, it is not about finance but political will," she said during a plenary session titled "The New Paradigms for Business & The Malaysian Economy" at the Perdana Leadership Foundation CEO Forum 2021 yesterday.

There is a need for a **social protection floor to be introduced now**, economists told *The Malaysian Reserve* previously, amid concerns that up to 46% of the Employees Provident Fund members have less than RM10,000 in their accounts.

Economist Dr Nungsari Ahmad Radhi warned that the lack of pension and retirement fund adequacy is a time bomb, if not properly managed given a changing demographics.

Rapid ageing poses a challenge to Malaysia's socio-economic policies, including those related to the labour market, income security post-working age, as well as health and old-age care.

Meanwhile, Khazanah Research Institute research advisor Prof Jomo Kwame Sundaram said poor understanding of what is economically important in Malaysia is causing major problems and part of this misperception derives from the availability, use and interpretation of economic statistics.

"The commanding heights of Malaysia's economy are still heavily foreign dominated, if not influenced, which has very important consequences.

"For example, in Malaysia, we pretend as if it is Malaysians who are building the economy almost alone when in fact, the labour force is close to one third foreign," he said. Jomo said we have a very poor understanding of statistics of foreign workers that are not included in the national statistics. He cited the vaccination programme as an example.

"If we do not vaccinate them, how effective are our vaccination programmes? I think we really have to come to terms with all this because it fundamentally affects our understanding of productivity," he said.

Furthermore, he said relatively less attention is given to the small and medium enterprises (SMEs) which has very important consequences citing "because it is precisely there (SMEs) that the most interesting and new Malaysian capabilities are imported".

When asked if the world economy is enough to return to normalcy and should nations push hard to renew policies towards more sustainable outcomes with respect to disparities and climate change, Zeta Advisory EC Tan Sri Dr Lin See Yan believes that the world economy is beginning to slow down as it is already reaching its potential.

"What is important for us is that the world's growth is actually concentrated in Asia — four of the five largest economies in the world are in Asia. Rather than look at the world economy, it is important that we look at what we have regionally in Asia and take advantage of that," he said.

He noted that China in particular is working very closely with Vietnam which resulted in the latter taking over Malaysia.

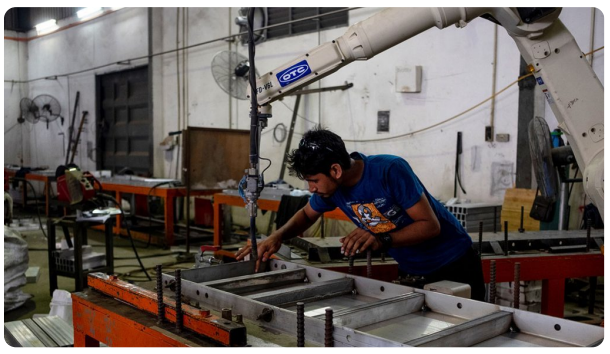

"If you look at the 12th Malaysia Plan, everything is beautifully drafted but where are the policies supporting those programmes?" he queried.

Tidak boleh 'urusan seperti lazim' pasca pandemik

Oleh Zanariah Abd Mutalib - Oktober 20, 2021 @ 3:02pm
zanariah_mutalib@bh.com.my

(Gambar fail) Menteri di Jabatan Perdana Menteri (Ekonomi), Datuk Seri Mustapa Mohamed. - NSTP/ROHANIS SHUKRI

KUALA LUMPUR: Pendekatan 'urusan seperti lazim' atau 'business as usual' tidak boleh diguna pakai dalam situasi Malaysia berdepan cabaran pasca pandemik COVID-19.

Menteri di Jabatan Perdana Menteri (Ekonomi), Datuk Seri Mustapa Mohamed, berkata kerajaan menyedari perkara itu, sekali gus perlu mengambil tindakan berani untuk mengharunginya sama ada cabaran wujud sebelum pandemik mahupun baru muncul daripada krisis itu.

"Sesetengah kelemahan yang timbul disebabkan krisis itu, tentunya bukan baharu.

"Justeru, adalah penting untuk kerajaan mengambil peluang ini bagi melakukan pembaharuan ekonomi dan 'membina semula dengan lebih baik'. Memang inilah yang sedang kita lakukan," katanya.

'KPM perlu bertindak segera hentikan amalan, bukan sekadar janji'

Beliau berkata demikian ketika menyampaikan ucaptama bertajuk 'Merubah Ekonomi Malaysia ke Tahap Lebih Tinggi: Penilaian, Strategi dan Tindakan' pada Forum CEO 2021: Perniagaan dalam Norma Baharu

anjuran Yayasan Kepimpinan Perdana yang diadakan secara maya, hari ini.

Mustapa berkata, melalui Rancangan Malaysia Ke-12 (RMK-12), kerajaan akan menggiatkan usaha membantu perindustrian kecil dan sederhana mikro (PKSM) terutama pemilik perniagaan kecil, dengan melaksanakan program peningkatan pendapatan serta pembinaan kapasiti di kawasan bandar dan luar bandar.

"Kerajaan juga akan menggalakkan keusahawanan dan akses kepada kemudahan pembiayaan.

"Pada masa sama, kerajaan akan terus meningkatkan akses kepada pendidikan, penjagaan kesihatan dan perumahan, selain menambah baik kualiti hidup miskin bandar, terutama di Projek Perumahan Rakyat (PPR)," katanya.

Mustapa memaklumkan bawah pelan lima tahun itu, keutamaan kerajaan termasuklah meningkatkan pendapatan, membasmi kemiskinan tegar dan mengurangkan jurang pembangunan antara negeri dan wilayah, serta memastikan pertumbuhan kualiti mapan.

Selain itu melalui pelaksanaan lapan pakej rangsangan pula, beliau berkata, kerajaan berusaha mengurangkan beban rakyat untuk memastikan mata pencarian tidak terputus dan kesejahteraan mereka terpelihara.

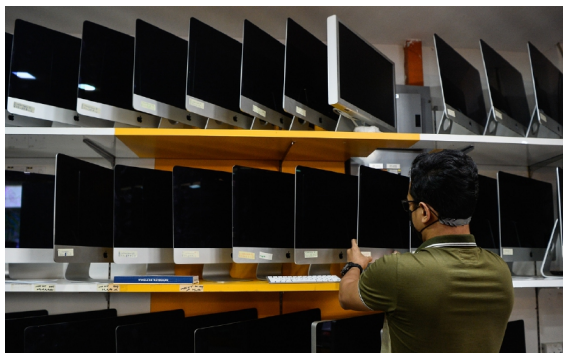

"Kini, kita mula melihat tanda pemulihan dengan banyak perniagaan, kecuali sektor pelancongan, sudah kembali ke landasan," katanya.

慕斯达法：政府加大力度帮助中小微企业

21 次转发 21

（吉隆坡20日讯）政府将通过在城市和农村地区实施增加收入和能力建设计划，加大力度帮助中小微企业。

首相署部长经济事务部长拿督斯里慕斯达法表示，根据第十二大马计划，政府将通过鼓励创业和获得融资设施来协助目标群体。

“在更好重建的背景下，第十二大马计划旨在确保我们能够在2025年之前实现高收入国。同时，我们必须更加可持续，以确保我们能够尽早在2050年成为碳中和国家。”

“该计划还将提供跨地区和州的更平衡的发展，以确保我们的公民平等分享发展成果。”

同时，他说，政府将进一步增加获得教育、医疗保健和住房的机会，并改善城市贫民的生活质量，特别是在人民组屋的人民。

“政府未来五年的优先事项包括增加收入、消除绝对贫困、缩小州和地区之间的发展差距以及确保可持续的高质量增长。”

“就像之前的五年计划一样，第十二大马计划提供了政府发展议程的总体轨迹。它为政府机构、私营部门、投资者和广大公众提供有关政府总体政策方向的指导。”

慕斯达法今日在2021年首要领袖基金首席执行员论坛致词时，如是指出。这个从今天开始的为期两天的论坛将汇集商界领袖和行业专家，以解决这些问题，并就“新常态下的商业”主题，提供见解和意见。

慕斯达法:后疫情时代 “如常”方法不适用

2021年10月20日

（吉隆坡20日讯）在马来西亚面对后冠病疫情时代的挑战时，“一切如常”的方法已不适用。

首相署（经济）部长拿督斯里慕斯达法说，政府已意识到这情况，并认为需要采取大胆的行动，应对疫情之前存在或是疫情期间浮现的挑战。

“一些在这危机中出现的弱点，肯定不是新弱点。鉴于此，政府务必借此机会进行经济改革和朝向更好的方向重建。这正是我们正在做的。”

他今日在2021年线上总执行长论坛发表演讲时指出，政府将通过第12大马计划进一步协助中小企业，尤其是小型商家，其方式包括推行提升收入的计划及加强城市与乡镇地区商家的能力。

“政府也将鼓励创业，以及提供融资便利。”

“与此同时，政府也会继续改善获得教育、医疗和住房的管道，并提高城市贫民的生活质量，尤其是推行人民组屋计划。”

慕斯达法指出，第12大马计划的优先目标包括提高收入、消除赤贫、缩小各州之间的发展鸿沟，以及取得可持续的增长。

针对政府日前推行的8个振兴配套，他说，政府致力减轻人民的负担，以确保他们的生计不受影响，福祉获得保障。

“现在，我们开始看到复苏的迹象，除旅游业外，许多企业已重回正轨。”

慕斯達法：供應鏈嚴重中斷 革新迎疫後經濟挑戰

2021-10-20

（吉隆坡20日訊）首相署（經濟事務）部長拿督斯里慕斯達法指出，冠病疫情為全球，甚至是我國帶來前所未有的新挑戰，迫使政府意識到不能再採取照舊的模式來應對疫情後的挑戰。

Advertisement

慕斯達法今日透過線上方式為2021年首要領導基金會（Perdana Leadership Foundation）CEO論壇主持開幕時表示，冠病疫情已從最初的健康危機演變成全球經濟危機。

“疫情導致需求減少，供應鏈嚴重中斷，收入急劇下降，並對陷入困境的行業產生連鎖反應，導致大規模裁員，生活、生計和企業都受到嚴重影響。”

他說，疫情造成了我國在2020年的國內經濟萎縮5.6%，是1997年亞洲金融危機以來最糟糕的經濟表現。

國內經濟萎縮5.6%

“商界面臨許多困難——與商業夥伴就績效問題、生產延遲、付款和現金流問題發生糾紛。”

慕斯達法坦言，許多企業也在疫情期間對政府提出了很多訴求，尤其是涉及標準作業程序（SOP）的問題。

“還有其他的挑戰包括因為疫情而實施的行動管制令引發的精神壓力。”

慕斯達法指出，雖然全球和我國的經濟已經開始出現復甦跡象，但疫情造成的連鎖反應仍然存在。

“我們現在開始看到復甦的跡象，除了那些被迫關門的企業外，許多企業現在都重回正軌。”

他強調，政府目前的首要目標是確保人民的生命和生計受到保護。

“因此，政府必須借此機會改革經濟並‘重建得更好’。”

慕斯達法認為，第12大馬計劃將在重建我國經濟的努力中扮演重要角色，旨在確保我國能夠在2025年成為高收入國家，並且最早在2050年實現碳中和國家。

他補充，第12大馬計劃也還將提供更加均衡的發展，確保人民平等分享發展成果。

他補充，政府將加大力度幫助中小微企業，尤其是小企業主，在城鄉地區實施增收和能力建設計劃，鼓勵創業和獲得融資便利。

“同時，政府還將加強教育、醫療保健和住房，並改善城市貧民的生活質量。”

“政府未來5年的工作重點包括增加收入、消除絕對貧困、縮小國家和地區之間的發展差距，以及確保可持續的高質量增長。”

另外，首要領導基金會受托人董事會主席丹斯里阿茲曼哈欣表示，2020年和2021年對馬來西亞企業而言，是非常具有挑戰性的，因為大多數行業的收入都出現了創紀錄的下滑。

“鑒於疫情帶來的非常獨特的情況，我認為商界領袖和高管相互交流他們的經驗和觀點變得更為重要，本次論壇的主旨發言人相信能為討論提供所需的見解和方向。”

為期2天的2021年首要領導基金會CEO論壇將匯集商業領袖和行業專家，就“新常態下的商業”主題提供見解和意見。

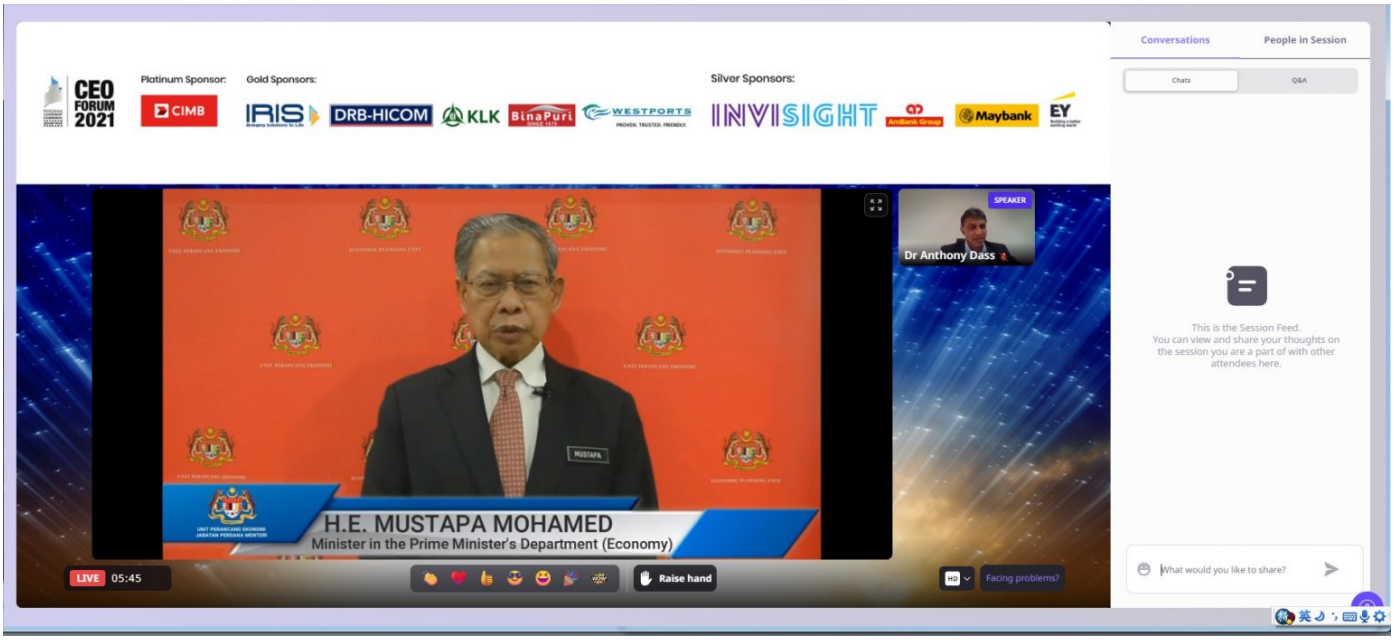

參與本次論壇的嘉賓包括大馬經濟協會主席拿督諾瑪曼梳、國庫控股研究院高級顧問兼經濟學家佐摩、國家銀行前副總裁丹斯里林西彥、大馬銀行集團批發銀行董事經理拉惹泰麥姆娜、衛生副總監（研究與技術支援）拿督希山沙以及馬來西亞私人醫院協會（APHM）主席拿督古吉星等人。此外，前首相敦馬哈迪也將為閉幕發表主題演說。

首要领导基金会CEO论坛 | 慕斯达法：成全球经济危机 疫后挑战不能守旧

144点阅

慕斯达法认为，冠病危机暴露出了许多脆弱性和弱点，因此政府需要防患于未然，借此机会改革经济并“重建得更好”。（视频截图）

（吉隆坡20日讯）首相署（经济事务）部长拿督斯里慕斯达法指出，冠病疫情为全球甚至是我国带来了前所未有的新挑战，迫使政府意识到不能再采取“一切照旧”的模式来应对疫情后的挑战。

慕斯达法今日透过线上方式为2021年首要领导基金会（Perdana Leadership Foundation）CEO论坛主持开幕时表示，冠病疫情已从最初的健康危机演变成全球经济危机。

“疫情导致需求减少，供应链严重中断，收入急剧下降，并对陷入困境的行业产生连锁反应，导致大规模裁员，生活、生计和企业都受到严重影响。”

他说，疫情造成了我国在2020年的国内经济萎缩5.6%，是1997年亚洲金融危机以来最糟糕的经济表现。

“商界面临许多困难——与商业伙伴就绩效问题、生产延迟、付款和现金流问题发生纠纷。”

慕斯达法坦言，许多企业也在疫情期间对政府提出了很多诉求，尤其是涉及标准作业程序（SOP）的问题。

“还有其他的挑战包括因为疫情而实施的行动管制令引发的精神压力。”

慕斯达法指出，虽然全球和我国的经济已经开始出现复苏迹象，但疫情造成的连锁反应仍然存在。

须改革经济重建得更好

“我们现在开始看到复苏的迹象，除了那些被迫关门的企业外，许多企业现在都重回正轨。”

他强调，政府目前的首要目标是确保人民的生命和生计受到保护。

“因此，政府必须借此机会改革经济并‘重建得更好’。”

第12大马计划扮演要角

慕斯达法认为，第12大马计划将在重建我国经济的努力中扮演重要角色，旨在确保我国能够在2025年成为高收入国家，并且最早在2050年实现碳中和国家。

他补充，第12大马计划也还将提供更加均衡的发展，确保人民平等分享发展成果。

他补充，政府将加大力度帮助中小微企业，尤其是小企业主，在城乡地区实施增收和能力建设计划，鼓励创业和获得融资便利。

“同时，政府还将加强教育、医疗保健和住房，并改善城市贫民的生活质量。”

“政府未来5年的工作重点包括增加收入、消除绝对贫困、缩小国家和地区之间的发展差距，以及确保可持续的高质量增长。”

阿兹曼哈欣：商界互交流更为重要

另外，首要领导基金会受托人董事会主席丹斯里阿兹曼哈欣表示，2020年和2021年对马来西亚企业而言，是非常具有挑战性的，因为大多数行业的收入都出现了创纪录的下滑。

“鉴于疫情带来的非常独特的情况，我认为商界领袖和高管相互交流他们的经验和观点变得更为重要，本次论坛的主旨发言人相信能为讨论提供所需的见解和方向。”

为期两天的2021年首要领导基金会CEO论坛将汇集商业领袖和行业专家，就“新常态下的商业”主题提供见解和意见。

参与本次论坛的嘉宾包括大马经济协会主席拿督诺玛曼梳、国库控股研究院高级顾问兼经济学家佐摩、国家银行前副总裁丹斯里林西彦、大马银行集团批发银行董事经理拉惹泰麦姆娜、卫生副总监（研究与技术支援）拿督希山沙以及马来西亚私人医院协会（APHM）主席拿督古吉星等人。此外，前首相敦马哈迪也将为闭幕发表主题演说。
